As the #1 agent globally for The Predictive Index® software—the premier talent optimization platform developed in Westwood, Massachusetts—Predictive Success has grown to serve over 1,100 clients and achieved remarkable milestones along the way. Founded in late 2005, Predictive Success has grown into a national leader, with associates working coast to coast in both of Canada’s official languages. Through hard work, innovation, and a client-centric approach, the company has continuously helped organizations optimize their people strategy, ensuring sustainable growth and leadership development. Today, our clients range from large banks, insurance companies, leading software companies, professional sports organizations and social profit groups.

Award-Winning Excellence

Predictive Success is no stranger to recognition on the national stage. The company has been honored with numerous international growth awards, highlighting its consistent and impressive performance. Most notably, Predictive Success recently secured its fifth consecutive Glen Garry Glen Ross New Sales Volume Award, outperforming over 350 Predictive Index agents worldwide. This accomplishment underscores the company’s relentless drive and excellence in delivering results.

Giving Back to the Global Community

As a company committed to making a difference, Predictive Success is equally proud of its philanthropic efforts.
